Klara has vast experience in the travel industry from the ground up - literally - having started as a ground hostess and check-in agent before going on to train as an air hostess. With her love of different cultures and languages, she then worked at a travel agency escorting and interpreting for incentive groups. This is where she started booking flight tickets, falling in love with it to become an IATA/UFTAA instructor. Klara's favourite holiday destination is Greece and loves the way of life, the deep blue sea and amazing blue skies. She even learnt the language!
