Naomi has a passion for organisation which, teamed with her enjoyment of working alongside others, meant that a career as an executive assistant for a large German bank became the ultimate position. Building a reputation of 'Naomi can do that' meant the role developed somewhat swiftly: before she knew it, she was supporting over 250 consultants across 5 different countries and time zones. With her love of event management, Naomi then moved into the world of horse racing, working on the UK's greatest race meets including Aintree Festival, Epsom Derby and the Cheltenham Festival.
